

euromuse.net – the exhibition portal

euromuse is a public access portal of Europe's museums of art and cultural history. It was set up five years ago to give up-to-date and accurate information about Europe's museums and their major exhibitions, and to provide all this information concisely and in one easily-accessible place.

Today, the portal www.euromuse.net has 51 partners representing more than 150 museums in 16 European countries – and the number of participating museums is constantly growing. euromuse includes the Louvre in Paris, the Tate in London, the Uffizi in Florence, the Rijksmuseum in Amsterdam, the Staatliche Museen zu Berlin, the Kunsthistorische Museum in Vienna, the Jewish Museum in Prague, the Byzantine and Christian Museum in Athens and the National Museum in Gdansk.

The exhibitions cover all the arts, at every period. In time, they range from pre- and early history and antiquity to Old Masters, 19th century and contemporary art. Media represented include painting, graphic art, sculpture, coins and medals, applied arts, film, photography, architecture and design. They include art from all over the world as well as European art itself.

Europe's rich tradition in producing and collecting works of art, and in making them available to all, has given its museums a primary place in the experience of art. euromuse's objective to help bring together this extraordinary cultural richness by announcing exhibitions, and also describing the cultural heritage and specific European traditions which they represent.

euromuse covered current exhibitions, the archive presents more than 1,000 exhibitions. Because all the information published on euromuse – information about the exhibition, the museum, admission fees, opening hours and relevant web-links – is supplied directly by each institution, euromuse can offer a high quality and accurate website. The information published on euromuse is available in the language of the exhibiting country and in English.

At present this multilingual website offers 11 languages: Czech, Danish, Dutch, English, French, German, Italian, Latvian, Polish, Swedish and Spain.

The portal was developed by the National Gallery in London; the Musée du Louvre and the Réunion des musées nationaux in Paris; the Kunsthistorische Museum Vienna; the Rijksmuseum Amsterdam; the Statens Museum for Kunst in Copenhagen; and the Staatliche Museen zu Berlin.
